

BLACK CREEK FLOWER FARM

DIY Floral Pails & Bulk Flowers

SEASONAL FRESH FLOWERS | JULY-OCTOBER ONLY

Hosting a bridal shower, baby shower, wedding, or special event? Black Creek Flower Farm offers custom curated DIY floral pails, greenery pails, and bulk flowers from July–October, when our fields are at their peak. Simply choose your date, select your colour palette, and we'll have your flowers ready for pickup.

DIY DESIGNER FLORAL PAILS | \$95

A handpicked collection of blooms curated in a cohesive colour palette and vibe to match your event. Our buckets will be loaded with fresh flowers including some premium focal flowers.

Our DIY designer FLORAL pails are filled with 100 stems.

Your bucket will represent the best of the season at the time of picking your order and will be custom picked and curated to your colour palette and esthetic. We use the same ratios we consider when making a bouquet.

Your flowers will be custom curated to your colour palette and event style, but exact flower varieties are selected by us based on seasonal availability. We fill pails by colour palette and aesthetic rather than specific flower requests. You can find more details about what may be in buckets and ratios on our website.

DIY DESIGNER GREENERY PAILS | \$85

A curated pail of fresh, seasonal greenery/Foliage harvested from our farm, intended for do-it-yourself use. Each pail includes a mix of foliage selected for texture, movement, and versatility - ideal for table styling, bud vases, signage accents, or other personal floral touches.

Our DIY designer GREENERY pails are filled with 50-65 stems.

(Some stems will be branched and you are able to break into smaller pieces for shorter and smaller designs.)

Our DIY Greenery Pail allows you to specify the colour of greenery you are looking for by: Gray-green, bright greens, Mixed Greens, green+ burgundies.

SEASONAL AVAILABILITY

As the Seasons change so do the flowers on the farm. We love to custom curate the florals for events, working with the changing seasons, event colour palettes and the specific events esthetics. This allows us to choose what is most beautiful at the moment we go to start creating your pieces, allowing us freedom to choose the best of the fields and use the inspiration of nature to create the most perfect designs for you.

Below is just a list of what is typically available as our season progresses, but is just a tiny showcase as we have hundreds of types of flowers each in many many colours and varieties of their own. We hand select the best flowers available to ensure a beautiful cohesive mix.

Early Summer (End of June-July): Zinnias, snapdragons, scabiosa, godetia, ammi, bupleurum, ranunculus, larkspur, peonies, feverfew, statice, nigella, poppies, bachelors buttons, rudbeckia, yarrow, bells of Ireland, sedum, grasses and greenery.

Mid Summer (July-August): Amaranthus, Zinnias, rudbeckia, sunflowers, pinchions, gomphrena, gladiolus, queen annes lace, scabiosa, poppy pods, strawflower, statice, nigellapods, dahlias, bells of Ireland, bupleureum, basil, lissianthus, sedum, grasses, and greenery.

Late Summer until frost (August-October): Celosia, wheat, pampass grass, hydrangeas, basil, mahogany splendor, Amaranthus, Zinnias, rudbeckia, sunflowers, pinchions, gomphrena, gladiolus, queen annes lace, scabiosa, poppy pods, strawflower, statice, nigellapods, dahlias, lissianthus, sedum, grasses, and greenery.

BULK FLOWERS & GREENERY BY THE BUNCH

Want to add extra bunches of a particular flower to your order. We offer flowers by the bunch. Lissianthus, Roses, Sunflowers, Dahlias, Zinnias, spray roses, Babies breath, Eucalyptus, Italian Ruscus, Leather leaf, etc. etc.

Most items come in bunches of 10 or 25, and are sold by the bunch only.
Pricing varies by item.

PICK YOUR OWN - DIY STYLE

Come to the farm, pick your blooms, and create meaningful florals with the people you love. If you are a relaxed bride and looking for more of the experience of picking and designing your own wedding bouquets, our U-Pick garden is open seasonally for you to pick each individual stem and design yourself. You can bring along pails to pick your own and bring home, or you can pick and set up at one of our picnic tables and create your pieces right in our field. (Water & clippers are provided for use at our U-Pick Stand). Selection does vary day to day depending on the weather, time of season and what other guests have picked. We can not guarantee or promise any particular stems will be in the field. Late July - Early September our field is at it's peak and you will find the most abundant selection of flowers. Please double check our social media for our U-Pick hours... the field opens early July (dependent on mother nature). The U-pick remains open until we have a frost, typically mid/late September. Check out more info on our U-Pick field on our website.

Ready to Begin?

Submit your A La Carte wedding flower order through our online booking form.
